PROFESSIONAL SUMMARY

Enthusiastic and hardworking developer with hands-on experience in Python, Django, Django REST Framework, Flutter, and REST API development. Passionate about problem-solving and building scalable, secure web applications.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL

Frameworks & Technologies: Django, Django REST Framework, Flutter

Frontend: HTML, CSS, JavaScript

Databases: SQLite, MySQL

Tools: Git, GitHub, Postman, VS Code

Concepts: REST APIs, CRUD Operations, Authentication

EDUCATION

Python Django Training

Avodha Education

Feb 2026 – May 2026

B.E. Computer Science Engineering

Bethlahem Institute of Engineering, Karungal

Aug 2021 – Jun 2025

Higher Secondary Education (HSC)

GVHSS Valappad

2019 – 2021

SSLC

SH of MVGHSS Kandassamkadavu

2018 – 2019

INTERNSHIP EXPERIENCE

Python Full Stack Web Development Intern

Webking Technology

Feb 2025 – Mar 2025

- Developed Python-based web applications with backend logic, frontend integration, and database handling.
- Built and consumed REST APIs; implemented CRUD operations with Django.

Flutter Intern

Spectrum Softtech Solutions Pvt. Ltd.

Jun 2023 – Jul 2023

- Built mobile application interfaces using Flutter and Dart; gained experience in UI development and navigation.

PROJECTS

Crypto Shield — High-Secure Finance Application

- Built a secure finance app using Django, blockchain, and cryptographic techniques with encrypted transaction handling.

Django Notes REST API

- Developed a Notes Management API with full CRUD, serializers, and JSON endpoints using Django REST Framework.

Book Management API

- Created a CRUD API for books with models, serializers, views, and URL routing in Django REST Framework.

Todo Application — Flutter

- Built a Flutter todo app with task categorization, reminders, and persistent local storage.

CERTIFICATIONS & WORKSHOPS

- 3-Month Python Django Training — Avodha Institute (2026)
- Workshop on "Data Science Using Python" — VEI Technologies Private Limited
- Workshop on "Mobile Application Development" — Foxton Research
